# EDUCATION FOR THE POOR

Hello friends,

My name is Thu-Hang Tran and I was a recent volunteer for the 2018 Education For the Poor (EFTP) Summer English Program. Today as their ambassador, I would like to cordially invite you to join the 2019 EFTP Summer English program. This is a 5 week session teaching English to poor students in Vietnam. We truly believe that English proficiency is a vital tool to help the less fortunate achieve a better future and since its founding, our program has helped thousands of students improve their English skills. For the last 13 years, we have helped many students obtain scholarships, go study abroad, and land jobs with foreign companies.

I joined the program with a charitable mind and I chose to go to one of the lesser developed cities in Vietnam, Vinh. During my 5 weeks teaching, I witnessed the students' great eagerness to learn, which further motivated me to give my best. A few months after the program ended and I was back in the US, I received good news from one of the program's students informing me that he had been accepted to go study abroad. Looking back on the time I spent serving the youth in Vinh, I am so happy that I decided to join EFTP and had the opportunity to do meaningful work.

As ambassador, I challenge you to volunteer for the 2019 EFTP English Summer Program and embark on a new journey with this organization's incredibly charitable mission. Spend 5 weeks to teach the youth and help provide them with a means to continually improve their lives. During your stay in Vietnam as part of the Summer Program, EFTP will pay for all room and board, meals, and sightseeing, as well as provide volunteers with a small stipend. Volunteers need only to cover airfare and personal expenses. It was truly an amazing and life-changing experience for me and I hope that you will be able to encounter this same love too.

If you have any questions please do not hesitate to contact me at [Htran020@gmail.com](mailto:Htran020@gmail.com)

Best regards,

Thu Hang Tran
